Delivery

Core Services

End-to-End Logistics

One accountable flow:
label-to-door tracking +
exportable audit logs

Expandable Sales Channels

With Ready-set's platform integrations, you can easily expand your sales channels

WMS Management

99.99%
Inventory Accuracy

Real-time (FIFO) inventory and auto-allocation

Fulfillment Expertise

99.99%
Pick/Pack Accuracy

100+ years in Japan with localized SOPs; compliant docs/packaging

Last-Mile Advantage (Japan Network)

98.1%
On-time Delivery Rate

Japan-wide last mile with native handling of address formats and delivery windows—and a single point of accountability

Challenges We Address

Multi-vendor, no owner

Handoff gaps and bounced exceptions drive delays and cost

Manual warehouse, error-prone

Manual entry and unreliable counts cause mis-picks

Japan requirements, failed deliveries

JP norms trigger holds, first-attempt failures, and returns

Why Yamato

- 01 Leading logistics company in Japan with nationwide delivery coverage
