		IMPORT	USUAL OPERATIONS	USUAL OPERATIONS		[Other General Information for both Export&Import] Flight arrivals and departures from China are continuing to be reduced, which is now less than one-third of the usual fleet capacity. USA destinations can be arranged via PEK, PVG and ICN. Currently, flights via ICN from Dalian will not accept cargo of more than 100 kg and bookings cannot be secured with an accurate schedule date.

			[Other General Information for both Export&Import] It is difficult to secure the drayage due to lack of drivers, so it is necessary to secure early. LCL Shenzhen consolidation continues to be unstable, but can be accepted.							
Others	Status of Wuhan feeder vessles			Inland transport feeder ships through Shanghai are back to usual operations. However, Wuhan Port is being bypassed.						
	Other remarks			<p>Airlines are expected to reduce freighter flights. It is difficult to secure space for small parcel shipments due to the reduced flights. In general, customs clearance for both air and sea are operating normally. In general, sea freight FCL is operating normally at each port. LCL shipments are still unstable.</p> <p>Korean aircrafts have not yet been regulated, but there have been many flight reductions.</p>						
Hong Kong	Domestic Transportation			To	Booking	[Other General Information]				
				Shenzhen Hong Kong	○	Restrictions on passenger transportation, but freight transport is normal.
